

SUMMER 2023 SCHEDULE

FIRST: WATCH THE VIDEO

ATO is moving to a new and very improved on-line member portal this summer. As chapter president or treasurer, there are a few dates that are very important for you to get on your calendar so your chapter's transition from Omega Fi to the new system will be seamless. The transition is not difficult or complicated. However, it is critically important you follow the transition timeline this summer.

You will receive an e-mail from Greek Bill sometime in May. Follow the instructions to set up an onboarding call with Greek Bill.

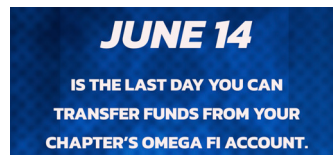

Your Greek Bill onboarding session will happen with a Greek Bill representative based on the day you set up (because you opened the Greek Bill e-mail and followed those instructions). That onboarding session will take place in June or early July.

In July you will receive another e-mail from ChapterSpot. That e-mail will provide your log in instructions. The log in information you receive will log you on to the ATO Portal, which included both Greek Bill and ChapterSpot.

Your onboarding for ChapterSpot will take place during the National Fraternity Awards Celebration August 3 - 5 in Orlando.

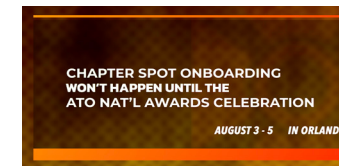

June 14 is an important date if you have a cash balance in your Omega Fi account.

June 15 is an important date because after that date you can no longer make member updates or changes to your chapter roster.

All information in Omega Fi will automatically transfer to Chapter Spot and Greek Bill and be ready for you before the fall semester begins.

You will be able to make roster and member updates and changes after your onboarding for ChapterSpot at the National Fraternity Awards Celebration August 3 - 5 in Orlando
